Re: Consideration – Purchase of Recycling Truck

BACKGROUND:

Included in the fiscal year 2012-2013 budget is the purchase of a curb sorter recycling truck. At this time, City staff has located a recycling truck that meets the City's needs. In 2012, the City Council authorized an Interlocal Cooperative Purchasing Contract with Houston-Galveston Area Council (H-GAC) for the purchase of a 100 foot ladder truck. The H-GAC has an extensive list of vehicles on their website. One of the vehicles included is a recycling truck.

ANALYSIS:

During the preparation of the supporting documentation to purchase the curb sorter recycling truck, the Sanitation Division was in contact with GranTurk of Williamsburg, VA. The approved budget for the truck is \$170,000 and the purchase price is \$168,725.22. We have attached a copy of the price quotation. The truck consists of a M2 106 conventional chassis with a Top Select 2000, two compartment recycler. The cost of the recycle body is \$96,454.22. The chassis cost is \$72,271.

STAFF RECOMMENDATION:

By motion, recommend that the City Council authorize the City Manager to execute contracts for the purchase of a curb sorter recycling truck through H-GAC.
